## About Lakeshore

### A Rich Tapestry

We chose the name "Tapestry" because it embodies our mission and our story. No organization or person can realize their full potential alone. The richest life consists of many threads woven together to create a dynamic tapestry - an ever-changing vignette made richer by the people in our lives.

Tapestry Lakeshore's story interweaves tradition, innovation, technology and service to help residents feel purposeful, valued, respected, dignified and empowered. The threads are the Tapestry nurses and caregivers, community doctors, therapists, community partners, families and most importantly... you.

### Dignity and Respect

We honor the past and integrate it into the resident's current environment building a sense of security, comfort and belonging. We promote dignity, supporting each resident's independence. Together with the resident, family, physician, and staff we will work with you to customize a personalized care plan.

*"That day when I went into Tapestry... I knew they would be good to my sister."*

- Maria Culbertson (sister)

Tapestry Senior Housing has a philosophy of person-centered care that impacts everything we do. Understanding that every resident is an individual who can best direct their care, we are only helpers and guides along your journey. Person Centered Care means putting you in charge of your care. You are the leader of a team of nurses, aides, cooks, therapists, housekeepers, social workers and doctors. The team works as helpers and guides you along your personal path, but everyone on the team understands that you are the leader.

*At this point my involvement is just my love for her. Tapestry is taking care of everything else. It's the place for her, and is the place for your loved one."*

# MEMORY CARE

*Tailored for Your Needs*

Nowhere is Tapestry's Person-Centered Care philosophy more evident than in our memory care program. We respect that each resident is an individual with a rich life and a distinct personality. We don't try to fit the resident into our program, and we tailor the program to fit the individual.

It is important that our Tapestry trained caregivers get to know each resident; their habits, their likes and dislikes... the things that make them a unique person. This ongoing process is

critical to being effective partners and guides along each resident's path. We are here to learn and listen.

Together with the resident, family, physician, and staff; we will work with you to customize a personalized care plan. Personal care, nursing, meals and life enrichment are all tailored to fit each resident's unique wants and needs. It's all about respect for the individual. That's what makes Tapestry approach a success.

# DINING ON YOUR SCHEDULE

*Unique Tastes for Everyone*

## All Day Dining

At Tapestry, we understand that you are an individual with unique tastes and desires. That's why Tapestry is committed to the unique concept of All Day Dining. Rather than eat at the same assigned time and place each day, you decide when you would like to come down to one of our unique restaurants.

## Fresh Flavors, Traditional Home Cooking

Our chefs have created menus that blend traditional favorites with some fresh new options. Whether folks love "comfort food" or lighter fare; there is truly something for all tastes. Enjoy!

## Sunday Brunch With the Family

Gather with family at Tapestry for our traditional Sunday Brunch. Enjoy delightful fare like our fresh baked pastries; country ham carved to order; house-made biscuits; and more!

*There is truly something for all tastes.*

# OUR STAFF

## People Who Care

### TAPESTRY CAREGIVERS SUPPORT YOUR JOURNEY

Tapestry is a special place because Tapestry caregivers are special people. We work hard to identify and recruit the very best caregivers; not just people who are skilled and knowledgeable, but also who understand that helping seniors with their journey is one of the most important and meaningful things a person can do.

Caregiving is tough work. The job can be physically and emotionally demanding. Our caregivers work as a tight-knit team, supporting and encouraging each other. Like any tapestry, our strength comes from individual threads brought together with a common purpose. Together we can accomplish truly special things.

Tapestry believes in the importance of personal and professional growth. That's why our caregivers are always learning and growing. Our goal, as leaders in this industry, is to help create the leaders of tomorrow.

*We work hard  
to identify and recruit  
the very best caregivers.*

# FRIENDLY LIVING

## Family & Friends

Here at Tapestry Lakeshore, our schedule revolves around your schedule. Our services are matched to meet all of your unique needs. You chart the course and we help you along the journey. We show this commitment in things like our signature All Day Dining, which offers your choice of restaurants at your convenience. We show it in how our nurses deliver customized, person-centered care for those who live in our spacious, assisted living apartments. We show it in how our memory care team helps residents and families thrive through a variety of services catered to fit you.

“When I walk into Tapestry Lakeshore, I just feel like I’m home.” We hear this sentiment a lot because people care and take pride in this community. It shows in how we hosted Assisted Living and Memory Care residents displaced by hurricane. It shows in our commitment to understanding your unique needs via our Person-Centered Care. It shows in how Assisted Living and Memory Care neighbors stay active; fishing, touring brewpubs and worshipping together. But perhaps most of all, it shows in the smiles and hugs from our Tapestry Lakeshore team members.

*When I walk into Tapestry Lakeshore,  
I just feel like I'm home.*

# ACTIVE LIFESTYLE

## Mind, Body, & Soul

Whether it is growing your own herbs in our gardens, taking salsa dancing lessons, participating in our talent show, watching college football, relaxing during a tea party, singing in our choir, creating a tasteful sensation at a baking class, or celebrating every holiday to its fullest; there is never a dull moment at Tapestry.

We know your needs and desires are unique. That's why at Tapestry, we work with you and your physician to design a personalized care plan to meet your needs. The goal of our dedicated nurses, therapists, and aides is to establish a strong relationship allowing us to learn from you and work to meet your needs consistently. It's the Tapestry difference!

*Living well goes beyond just  
your physical health -  
it includes your mind and spirit.*

### PHYSICAL

Our Health and Wellness programs are a great way to exercise and meet new friends. If you prefer getting your exercise outside, enjoy Lakeshore's changing seasons and walk outdoors on our walking paths. Finished with your workout? Give your muscles some well-earned relaxation in our spa, equipped with a specially designed therapeutic step-in jetted whirlpool tub.

### SPIRITUAL

Find a quiet place and enjoy some peaceful time to renew and reflect. Visit our on-site chapel or curl up with a good book in one of our cozy, quiet reading areas.

### EMOTIONAL

Maintaining a positive outlook and feeling good about yourself and others are important to everyone's health. At Tapestry, we'll help you stay challenged, enjoy new activities and explore your creative side through music and art programs, guest speakers and a variety of social gatherings. There's even a theatre room where you can enjoy your favorite movies. Unique to Tapestry, we have a specialized Music and Memory facility, helping our residents use music as a valuable healing tool.

# OUTINGS

## *Life Outside of Tapestry*

*We keep our residents stimulated with a variety of outdoor and indoor activities beyond the walls of our facility.*

Whether it be a fishing excursion or a trip to the bowling lanes, we keep our residents stimulated with a variety of outdoor and indoor activities beyond the walls of our facility. It is our goal to create fun, life-enhancing activities in the outside world!

Coffee shops are an experience for the senses: the smell of roasted coffee and sweets, the taste of treats, and the sight and sound of baristas hard at work.

Picnicking in the park, exploring our beautiful city, sightseeing at our great museums, bowling at the ally, fishing at the beach or dining at a fun restaurant.

# SPECIAL EVENTS

50s Prom, Halloween, Carnival!

*The world becomes more vibrant and inviting when we give ourselves permission to play.*

At Tapestry, we're always having a good time! Whatever the season, we have a special event planned for it as well as a number of other special events, such as our "carnival", to keep the social calendar hopping.

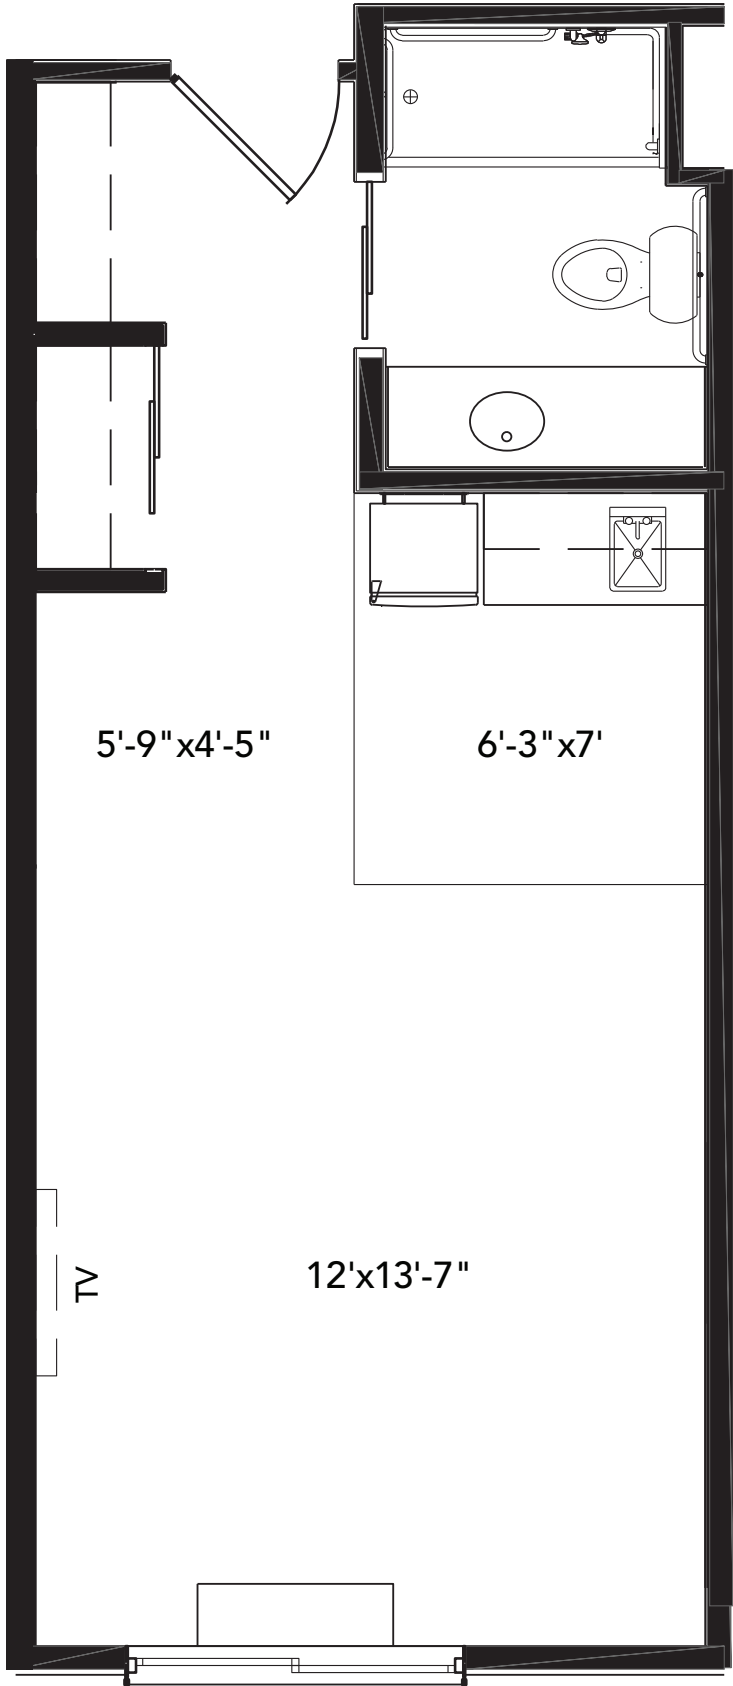

Tapestry's big events, like this carnival, are what make us feel truly alive, engaged, and connected. The world becomes more vibrant and inviting when we give ourselves permission to play.

Enjoying ukulele players at our luau, dancing at our 1950's prom, enjoying our white winter wonderland, celebrating our Veterans, and sharing a feast for the holidays.
